Purpose

2. Information collected by *Reporting Form ARF 720.3 ABS/RBA Intra-group Assets and Liabilities* (ARF 720.3) is used by the **ABS** and **RBA** for various purposes, including the compilation of Australia's National Accounts. This information may also be used by **APRA** for prudential and publication purposes.
3. This Reporting Standard is an Economic and Financial Statistics (EFS) Reporting Standard for the purposes of *Reporting Standard ARS 701.0 ABS/RBA Definitions for the EFS Collection* (ARS 701.0).

Application and commencement

4. This Reporting Standard applies to an **authorised deposit-taking institution (ADI)** or **registered financial corporation (RFC)** as set out in the table below, where 'total assets' are measured by the value reported in item 13 (column 1) on *Reporting Form ARF 720.0A ABS/RBA Statement of Financial Position (Standard)* (ARF 720.0A).

Class of financial institution	Applicable
<i>ADI Reporting Category A</i>	No
<i>ADI Reporting Category B</i>	Yes
<i>RFCs</i>	Yes if total assets \geq \$500m

5. **APRA** may from time to time determine that a threshold, or a higher threshold than that specified in paragraph 4 of this Reporting Standard will apply to a particular **ADI** or **RFC**. If **APRA** does so, it will notify the **ADI** or **RFC** concerned in writing.
6. This Reporting Standard applies for **reporting periods** ending on or after 30 June 2021.

Information required

7. An **ADI** or **RFC** to which this Reporting Standard applies must provide **APRA** with the information required by this Reporting Standard for each **reporting period** on a **domestic books** consolidation.

Method of submission

8. The information required by this Reporting Standard must be given to **APRA** in electronic format, using the 'Direct to APRA' application or by a method (i.e. a web-based solution) notified by **APRA**, in writing, prior to submission.

11. **APRA** may, by notice in writing, change the **reporting periods**, or specified **reporting periods**, for a particular **ADI** or **RFC**, to require it to provide the information required by this Reporting Standard more frequently, or less frequently, having regard to:
 - (a) the particular circumstances of the **ADI** or **RFC**; and
 - (b) the extent to which the information is required for the purposes of the **ABS** or **RBA**.

¹ To avoid doubt, if the **due date** for a particular **reporting period** falls on a day other than a usual business day, an **RFC** is nonetheless required to submit the information required no later than the **due date**.

12. **APRA** may grant an **ADI** or **RFC** an extension of a **due date**, in writing, in which case the new **due date** for the provision of the information will be the date on the notice of extension.

Quality control

13. All information provided by an **ADI** or **RFC** under this Reporting Standard must be the product of systems, processes and controls that have been reviewed and tested by the external auditor of the **ADI** or **RFC** as set out in *Prudential Standard APS 310 Audit and Related Matters* for **ADIs** or *Reporting Standard RRS 710.0 ABS/RBA Audit Requirements for Registered Financial Corporations* for **RFCs**. Relevant standards and guidance statements issued by the Auditing and Assurance Standards Board provide information on the scope and nature of the review and testing required from external auditors. This review and testing must be done on an annual basis or more frequently if required by the external auditor to enable the external auditor to form an opinion on the accuracy and reliability of the information provided by an **ADI** or **RFC** under this Reporting Standard.
14. All information provided by an **ADI** or **RFC** under this Reporting Standard must be subject to systems, processes and controls developed by the **ADI** or **RFC** for the internal review and authorisation of that information. These systems, processes and controls are to assure the completeness and reliability of the information provided.

Minor alterations to forms and instructions

16. **APRA** may make minor variations to:
 - (a) a form that is part of this Reporting Standard, and the instructions to such a form, to correct technical, programming or logical errors, inconsistencies or anomalies; or
 - (b) the instructions to a form, to clarify their application to the formwithout changing any substantive requirement in the form or instructions.
17. If **APRA** makes such a variation it must notify in writing each **ADI** or **RFC** that is required to report under this Reporting Standard.
