Instructions

These instructions assist completion of *Reporting Form ARF 741.0*. ARF 741.0 collects information relating to the provision of finance to *private and public sector businesses* for *business* purposes by *ADIs* and *RFCs*.

Information reported in ARF 741.0 is required primarily for purposes of the *ABS* and the *RBA*. This information is required for various purposes, including policy and statistical purposes. Published aggregate statistics from this collection are used for research and policy formulation by a range of interested parties, including economists, State and Federal Governments, and the private sector. Information reported in ARF 741.0 may also be used by *APRA* for prudential and publication purposes.

Reporting level

ARF 741.0 must be completed by each *ADI* and *RFC* to which this Reporting Standard applies under paragraphs 4 or 5.

Reporting basis and unit of measurement

These instructions specify the reporting basis and unit of measurement that applies to each item.

For reporting purposes, unless specified otherwise, enter data as a positive number.

Counterparties

For the purposes of this form, report only finance to *private and public sector businesses* for *business* purposes.

For the purposes of this form, *private and public sector businesses* may exist in either the *resident* or *non-resident* sectors.

Positions with *resident* and *non-resident private and public sector businesses* are collected separately.

Exclude positions with *related parties*.

Types of finance

For the purposes of this form, finance includes:

- *loans*;
- *finance leases*; and
- *bill acceptances*.

For *borrower-accepted commitments* report only *loans* and *finance leases* where the legal lender on the contract is an entity included in the *domestic books* consolidation of the *ADI* or *RFC*.

Report only *bill acceptances* where the legal tender on the contract is an entity included in the *domestic books* consolidation of the *ADI* or *RFC*.

When reporting information on the stock of outstanding finance (e.g. *loans* and *finance leases*) only include finance that is held on-balance sheet, unless otherwise directed.

Reporting by purpose

Classify finance at the lowest level at which it is able to be identified; the purpose that the funds will be used for determines whether (and where) it is reported on this form. Where finance (identified at the lowest available level) is to be used for more than one purpose, classify that finance to its predominant purpose (based on the purpose for which the largest share of the funds will be used).

Credit outstanding

Report outstanding finance under the category in which it sits as at the reporting date. For example, if a *loan* was originally classified as having a *fixed interest rate* but now has a *variable interest rate* then report it as *variable interest rate* for the current *reporting period*.

Values

Unless otherwise specifically stated, information reported on this form must comply with Australian Accounting Standards.

Report monetary amounts on ARF 741.0 in Australian dollars or the Australian dollar equivalent of the foreign currency amount. Convert amounts denominated in foreign currency to AUD in accordance with *AASB 121 The Effects of Changes in Foreign Exchange Rates*.

Report values on ARF 741.0 as whole dollars.

Numbers

Report numbers on ARF 741.0 unscaled, as whole numbers for *ADIs* and *RFCs*.

Standard Business Reporting (SBR)

The accounting type (i.e. credit or debit) is stated for all monetary items and represents the natural accounting balance of the item collected.
