Reporting Form ARF 743.0

ABS/RBA Housing Finance

Instructions

These instructions assist completion of ARF 743.0. ARF 743.0 collects information relating to the provision of finance to *households* for *housing* purposes by *ADIs* and *RFCs*.

Information reported in ARF 743.0 is required primarily for purposes of the *ABS* and the *RBA*. This information is required for various purposes, including policy and statistical purposes. Published aggregate statistics from this collection are used for research and policy formulation by a range of interested parties, including economists, State and Federal Governments, and the private sector. Information reported in ARF 743.0 may also be used by *APRA* for prudential and publication purposes.

Reporting level

ARF 743.0 must be completed by each *ADI* and *RFC* to which this Reporting Standard applies under paragraphs 4 or 5.

Reporting basis and unit of measurement

These instructions specify the reporting basis and unit of measurement that applies to each item.

For reporting purposes, unless specified otherwise, enter data as a positive number.

Location

When reporting by location, report according to the location of the *residential property* that the finance will be used for, not the location of the collateral (where this differs) or the location where the *commitment* was made.

Counterparties

For the purposes of this form, report only finance to *households* for *housing* purposes.

For the purposes of this form, *households* may exist in either the *resident* or *non-resident* sectors.

Positions with *resident* and *non-resident households* are collected separately.

Types of finance

For the purposes of this form, finance includes *loans*.

When reporting *applications* and *borrower-accepter commitments*, report only that finance where the legal lender on the contract is an entity included in the *domestic books* consolidation of the *ADI* or *RFC*.

When reporting information on the stock of outstanding finance (e.g. *credit outstanding*), only include finance that is held on-balance sheet, unless otherwise directed.

Reporting by purpose

Classify finance at the lowest level at which it is able to be identified; the purpose that the funds will be used for determines whether (and where) it is reported on this form. Where finance (identified at the lowest available level) is to be used for more than one purpose, classify that finance to its predominant purpose (based on the purpose for which the largest share of the funds will be used).

Credit outstanding

Report outstanding finance under the category in which it sits as at the reporting date. For example, if a *loan* was originally classified as having a *fixed interest rate* but now has a *variable interest rate* then it must be reported as *variable interest rate* for the current *reporting period*.

Treatment of facilities

Where there is a finance *facility* with a mix of *interest rate* or repayment types, follow the instructions below, unless otherwise directed.

When reporting on the *number* of *facilities*, report each *facility* once. Where *interest rate* types or repayment types are separately identified, report the number of *facilities* according to the predominant *interest rate* type or repayment type by value.

When reporting the *value* of finance, apportion across the relevant *interest rate* type and/or repayment type dimensions.

Values

Unless otherwise specifically stated, information reported on this form must comply with Australian Accounting Standards.

Report monetary amounts on ARF 743.0 in Australian dollars or the Australian dollar equivalent of the foreign currency. Amounts denominated in foreign currency are to be converted to AUD in accordance with *AASB 121 The Effects of Changes in Foreign Exchange Rates* (AASB 121).

Report values on ARF 743.0 as whole dollars.

Numbers

Report numbers on ARF 743.0 unscaled, as whole numbers for *ADIs* and *RFCs*.

Averages

Report averages on ARF 743.0 unscaled, as numbers to two decimal places.

Standard Business Reporting (SBR)

The accounting type (i.e. credit or debit) is stated for all monetary items and represents the natural accounting balance of the item collected.

Specific instructions

Terms highlighted in ***bold italics*** are defined in *Reporting Standard ARS 701.0 ABS/RBA Definitions for the EFS Collection* (ARS 701.0).

All derived fields in the form are shaded in grey and are explained in words as a mathematical expression in these instructions.

Where there is finance with a mix of repayment rate types, follow the instructions below.

1. When reporting on the number of *facilities*, it is permissible to report the *interest-only* and *amortising* accounts separately (i.e. individual *facilities* with more than one repayment type may be reported more than once). Note that this treatment differs from the standard treatment applied in other items on this form.
2. When reporting the value of *credit limits*, report the amount of the *credit limit* to which the *interest-only* repayment structure applies in the *interest-only* drop-down combinations and report the amount of the *credit limit* to which the *amortising* repayment structure applies in the *amortising* drop-down combinations.
3. When scaling the stock of accumulated *excess repayments* and balances in associated *redraw* and *offset accounts* (as reported in item 6) by the number of monthly *scheduled repayments*, attribute the accumulated balances to the repayment structure of the *loan* account to which they are linked.

Column 1	Report according to the number of monthly <i>scheduled repayments</i> that the stock of accumulated <i>excess repayments</i> and balances in associated <i>redraw</i> and <i>offset accounts</i> (as reported in item 6) would be sufficient cover at the end of the <i>reporting period</i> . See item 7 for further details.
Column 2	Report according to the property purpose (see item 7 for further details).
Column 3	Report according to the <i>loan</i> repayment type (see item 7 for further details).
Column 4	Report the number of <i>fixed-term housing loan facilities</i> .
Column 5	Report the weighted average <i>facility credit limit</i> available.

Item 7	Report the number of <i>facilities</i> and the weighted average <i>facility credit limit</i> of outstanding <i>housing loans</i> for each combination of number of monthly <i>scheduled repayments</i> categories, property purpose and repayment type. The number of monthly <i>scheduled repayments</i> categories are: <ul style="list-style-type: none"> • ≥ 0 to ≤ 1 month;
---------------	---

	<ul style="list-style-type: none"> • >1 to <=3 months; • >3 to <=6 months; • >6 to <=9 months; • >9 to <=12 months; • >12 to <=24 months; and • >24 months. <p>The property purposes are:</p> <ul style="list-style-type: none"> • <i>owner-occupied</i>; and • <i>investment</i>. <p>The repayment types are:</p> <ul style="list-style-type: none"> • <i>amortising</i>; and • <i>interest-only</i>. <p>Where the frequency of <i>scheduled repayments</i> is not monthly, convert it to monthly and then calculate the equivalent number of monthly repayments.</p>
Item 7.1	Report the <i>weighted</i> average number of monthly <i>scheduled repayments</i> that the stock of accumulated <i>excess repayments</i> and balances in associated <i>redraw</i> and <i>offset accounts</i> (as reported in item 6) would be sufficient to cover for <i>amortising loans</i> reported in item 7.
Item 7.2	Report the <i>weighted</i> average number of monthly <i>scheduled repayments</i> that the stock of accumulated <i>excess repayments</i> and balances in associated <i>redraw</i> and <i>offset accounts</i> (as reported in item 6) would be sufficient to cover for <i>interest-only</i> loans reported in item 7.
