

Reporting Standard LRS 311.0

Statement of Profit or Loss and Other Comprehensive Income by Product Group

Objective of this Reporting Standard

This Reporting Standard sets out the requirements for the provision of information to APRA in relation to a life insurer's profit or loss and other comprehensive income.

It includes associated specific instructions and must be read in conjunction with *Reporting Standard LRS 001 Reporting Requirements* (LRS 001), including the instruction guide.

Authority

1. This Reporting Standard is made under section 13 of the *Financial Sector (Collection of Data) Act 2001*.

Purpose

2. The information reported to APRA under this Reporting Standard is used by APRA for the purpose of prudential supervision including assessing compliance with capital adequacy standards.

Application and commencement

3. This Reporting Standard applies to all life insurance companies other than friendly societies (referred to as life insurers) authorised under the *Life Insurance Act 1995* (Life Act). This Reporting Standard applies for reporting periods ending on or after 1 July 2023.

Information required

4. A life insurer must provide APRA with the information required by this Reporting Standard for each reporting period.
5. The information reported to APRA under this Reporting Standard is not required to be given to policy owners pursuant to section 124 of the Life Act. It does not constitute a reporting document for the purposes of section 124.

Method of submission

6. The information required by this Reporting Standard must be given to APRA:
 - (a) in electronic format using an electronic method available on APRA's website; or
 - (b) by a method notified by APRA prior to submission.

Reporting periods and due dates

7. Subject to paragraph 8, a life insurer must provide the information required by this Reporting Standard:
 - (a) in respect of each quarter based on the financial year of the life insurer on an unaudited basis; and
 - (b) in respect of each financial year of the life insurer on an audited basis.

Note 1: This means that information provided under this Reporting Standard will be submitted five times for a full financial year.

Note 2: The annual audited information provided under this Reporting Standard must be submitted in conjunction with the annual auditor's report, as required under *Prudential Standard LPS 310 Audit and Related Matters*.

8. If, having regard to the particular circumstances of a life insurer, APRA considers it necessary or desirable to obtain information more or less frequently than as provided by subparagraph 7(a) or 7(b), APRA may, by notice in writing, change the reporting periods, or specify reporting periods, for the particular life insurer.
9. The information required by this Reporting Standard in respect of a life insurer must be provided to APRA:
 - (a) in the case of quarterly information, within 20 business days after the end of the reporting period to which the information relates;
 - (b) in the case of annual information, within three months after the end of the reporting period to which the information relates; or
 - (c) in the case of information provided in accordance with paragraph 8, within the time specified by notice in writing.
10. APRA may, in writing, grant a life insurer an extension of a due date, in which case the new due date will be the date on the notice of extension.

Note: For the avoidance of doubt, if the due date for a particular reporting period falls on a day other than a usual business day, a life insurer is nonetheless required to submit the information required no later than the due date.

Quality control

11. The information provided by a life insurer under this Reporting Standard must be the product of systems, processes and controls that have been reviewed and tested by the

Auditor of the life insurer. This will require the Auditor to review and test the life insurer's systems, processes and controls supporting the reporting of the information to enable the life insurer to provide reliable financial information to APRA. This review and testing must be done on:

- (a) an annual basis or more frequently if necessary to enable the Auditor to form an opinion on the reliability and accuracy of data; and
 - (b) at least a limited assurance engagement consistent with professional standards and guidance notes issued by the Auditing and Assurance Standards Board as may be amended from time to time, to the extent that they are not inconsistent with the requirements of *Prudential Standard LPS 310 Audit and Related Matters*.
12. All information provided by a life insurer under this Reporting Standard must be subject to systems, processes and controls developed by the life insurer for the internal review and authorisation of that information. It is the responsibility of the Board and senior management of the life insurer to ensure that an appropriate set of policies and procedures for the authorisation of data submitted to APRA is in place.
13. Actuarial valuations and calculations included in or used in the preparation of the information provided to APRA must be in accordance with the prudential standards in force for the reporting period. However, life insurers may use reasonable estimates when preparing information that will not be audited (i.e. for the first four submissions of information for a full financial year).

Authorisation

14. When an officer or agent of a life insurer provides the information required by this Reporting Standard using an electronic format, the officer or agent must digitally sign the relevant information using a digital certificate acceptable to APRA.
15. An officer or agent of a life insurer who submits information under this Reporting Standard must be authorised by either:
- (a) the Principal Executive Officer of the life insurer; or
 - (b) the Chief Financial Officer of the life insurer.

Variations

16. APRA may, by written notice to the life insurer, vary the reporting requirements of this Reporting Standard in relation to that life insurer.

Transition

17. A life insurer must report under the old reporting standard in respect of a transitional reporting period. For these purposes:

old reporting standard means *Reporting Standard LRS 310.0 Income Statement* made under Financial Sector (Collection of Data) (reporting standard) determination No. 54 of 2013; and

transitional reporting period means a reporting period under the old reporting standard:

- (a) which ended before 1 July 2023; and
- (b) in relation to which the life insurer was required, under the old reporting standard, to report by a date on or after the date of revocation of the old reporting standard.

Note: For the avoidance of doubt, if a life insurer was required to report under an old reporting standard, and the reporting documents were due before the date of revocation of the old reporting standard, the life insurer is still required to provide any overdue reporting documents in accordance with the old reporting standard.

Interpretation

18. In this Reporting Standard:

- (a) unless the contrary intention appears, words and expressions have the meanings given to them in *Prudential Standard LPS 001 Definitions* (LPS 001); and
- (b) the following definitions are applicable:

Auditor means an auditor appointed under paragraph 83 of the Life Act.

capital adequacy standards means the prudential standards which relate to capital adequacy as defined in LPS 001.

Chief Financial Officer means the chief financial officer of the life insurer, by whatever name called.

financial year has the meaning in the *Corporations Act 2001*.

general instruction guide refers to the general instruction guide set out in Attachment A of LRS 001.

Life Act means the *Life Insurance Act 1995*.

Principal Executive Officer means the principal executive officer of the life insurer, by whatever name called, and whether or not he or she is a member of the governing board of the entity.

reporting period means a reporting period under subparagraph 7(a) or 7(b) or, if applicable, paragraph 8.

19. Unless the contrary intention appears, a reference to an Act, Prudential Standard, Reporting Standard, Australian Accounting or Auditing Standard is a reference to the instrument as in force from time to time.

Reporting Standard LRS 311.0

Statement of profit or loss and other comprehensive income by Product Group

General instructions

These instructions assist completion of the information collected by *Reporting Standard LRS 311.0 Statement of profit or loss and other comprehensive income by Product Group*. This Reporting Standard collects income statement data by *APRA product groups*.

Reporting tables

Tables described in this Reporting Standard list each of the data fields required to be reported. The data fields are listed sequentially in the column order that they will appear in the reported data set. Constraints on the data that can be reported for each field have also been provided.

2021 QIS-specific information

Please note that information in this section will apply to the 2021 QIS only and will not appear in the final Reporting Standard.

For the purposes of this QIS, report information on a best endeavours basis. Where information is not available within the timeframes requested, provide available information and do not delay the submission.

Please provide in a response letter, an explanation of the significant judgements made, assumptions used (including an indication of the current level of uncertainty in the working assumptions) and business lines excluded when preparing this QIS. This is to facilitate APRA's understanding of the data included in the QIS.

General accounting basis

For the purposes of this QIS, unless otherwise specifically stated, reporting insurers are requested to follow the *AASB 17 Insurance Contracts* (AASB 17) requirements, which supersede the requirements in *AASB 1023 Life Insurance Contracts* (AASB 1023) and *AASB 1038 Life Insurance Contracts*.

References to Australian Accounting Standards

Each item reported under this Reporting Standard aligns with the Accounting Standards made by the Australian Accounting Standards Board (AASB). The applicable AASB references are specified with each item. AASB reference provides a written description of the accounting meaning of an IFRS Taxonomy element.

IFRS taxonomy element reference

Each IFRS taxonomy element contains at least one cross-reference to an AASB Standard (that incorporates IFRS 17 Standards as issued and amended by the International Accounting Standards Board (IASB)) and has a reference type that can be used to identify the source of that element. The IFRS Taxonomy uses the following element reference types:

- (a) disclosure—an element of this type depicts a disclosure requirement of an IFRS/AASB Standard;
- (b) example—an element of this type represents an example provided in an IFRS/AASB Standard or its accompanying materials; and
- (c) common practice—an element of this type reflects common reporting practice within IFRS/AASB financial statements they not specifically mentioned in IFRS/AASB Standards or their accompanying materials, but are consistent with IFRS/AASB Standards. They have been found to be frequently disclosed across a range of companies and accounting jurisdictions.

Definitions

Terms that are highlighted in *bold italics* are defined in this Reporting Standard.

Specific instructions

Reporting basis

Information in this Reporting Standard is to be completed by life insurers for each reporting period on a statutory fund basis. Friendly societies do not have to complete information in this Reporting Standard.

APRA class of business

The APRA *class of business* that apply for the purpose of this Reporting Standard are:

- Australia – **Ordinary Business**
- Australia – **Superannuation Business**
- Overseas – All Business

The expressions ‘Australian Business’ and ‘Overseas Business’ refer to the territories where the life insurance business is carried on.

The expressions ‘**Ordinary Business**’ and ‘**Superannuation Business**’ are defined in the *Act*.

This section is also to be completed for each *participating* and *non-participating business*. The expressions ‘*participating business*’ and ‘*non-participating business*’ are defined in the *Act*.

APRA product groups

The *APRA product groups* that apply to reporting are defined in LPS 001:

- L1 - Conventional
- L2 - Annuity with longevity risk;
- L3_1 - Individual lump sum risk - stepped premium;
- L6 - Individual disability income insurance - stepped premium;
- L7_1 - Individual lump sum risk - other;
- L10 - Individual disability income insurance - other;
- L11_1 - Group lump sum risk;
- L14 - Group disability income insurance;
- L15 - Investment linked;
- L16 - Investment with discretionary additions;
- L17 - Other investment policy;
- L18 - Annuity without longevity risk; and
- L19 - Other.

Reporting direction for life insurers

For APRA reporting, life insurers must also meet the relevant policy liability valuation requirements outlined in *Prudential Standard LPS 340 Valuation of Policy Liabilities* (LPS 340).

Subject to meeting the requirements in LPS 340, where it is not possible to readily assign AASB 17 numbers to specific **APRA product groups**, life insurers must apply the **allocation principles** to allocate AASB 17 numbers to APRA product groups.

Allocation principles are defined in LRS 001.

Non-life insurance business is insurance business carried on by a life company in accordance with APRA's declaration made under section 12A or section 12B of the Life Act.

Investment and insurance finance income and expense items

Life insurers must report investment, and insurance finance income and expense items for the products that have a substantial investment component (i.e. L1, L2, L15, L16, L17 and L18). Life insurers must report unallocated investment and insurance finance income and expense amounts in the unallocated column.

The aggregate of unallocated and allocated investment and insurance finance income and expense amounts must reconcile with the amounts reported under the *Reporting Standard LRS 310.0 Statement of Profit or Loss and Other Comprehensive Income*.

Units of measurement

Report values in this Reporting Standard in whole Australian dollars (AUD) with no decimal place.

Convert amounts denominated in foreign currency to AUD in accordance with AASB 121 *The Effects of Changes in Foreign Exchange Rates*.

Report losses and expenses as negative values.
