

Reporting Standard GRS 460.0.G

Reinsurance Assets by Counterparty (Level 2 Insurance Group)

Objective of this Reporting Standard

This Reporting Standard sets out the requirements for the provision of information to APRA relating to a Level 2 insurance group's exposures to reinsurance counterparties.

It includes *GRS 460.0.G Reinsurance Assets by Counterparty (Level 2 Insurance Group)* and associated specific instructions and must be read in conjunction with the general instruction guide.

Authority

1. This Reporting Standard is made under section 13 of the *Financial Sector (Collection of Data) Act 2001*.

Purpose

2. The information reported to APRA under this Reporting Standard is used by APRA for the purpose of prudential supervision.

Application and commencement

3. This Reporting Standard applies to the parent entity of a Level 2 insurance group as defined in *Prudential Standard GPS 001 Definitions* (GPS 001). This Reporting Standard applies for reporting periods ending on or after 1 July 2023.
4. The parent entity of a Level 2 insurance group is required to ensure that each requirement in this Reporting Standard is complied with.

Information required

5. The parent entity of a Level 2 insurance group must provide APRA with the information required by this Reporting Standard in respect of the Level 2 insurance group for each reporting period.

Method of submission

6. The information required by this Reporting Standard must be given to APRA:
 - (a) in electronic format using an electronic method available on APRA's website; or
 - (b) by a method notified by APRA prior to submission.

Reporting periods and due dates

7. Subject to paragraph 8, the parent entity of a Level 2 insurance group must provide the information required by this Reporting Standard in respect of each financial year of the Level 2 insurance group.
8. If, having regard to the particular circumstances of a Level 2 insurance group, APRA considers it necessary or desirable to obtain information more or less frequently than as provided by paragraph 7, APRA may, by notice in writing to the parent entity, change the reporting periods, or specify reporting periods, for the particular Level 2 insurance group.
9. The information required by this Reporting Standard in respect of a Level 2 insurance group must be provided to APRA:
 - (a) in the case of annual information provided in accordance with paragraph 7, within three months after the end of the reporting period to which the information relates; or
 - (b) in the case of information provided in accordance with paragraph 8, within the time specified by notice in writing.
10. APRA may, in writing, grant the parent entity of a Level 2 insurance group an extension of a due date in paragraph 9, in which case the new due date will be the date on the notice of extension.

Note: For the avoidance of doubt, if the due date for a particular reporting period falls on a day other than a usual business day, the parent entity of a Level 2 insurance group is nonetheless required to submit the information required no later than the due date.

Quality control

11. All information provided by the parent entity of a Level 2 insurance group under this Reporting Standard must be subject to systems, processes and controls developed by the Level 2 insurance group for the internal review and authorisation of that information. It is the responsibility of the Board and senior management of the parent entity of the Level 2 insurance group to ensure that an appropriate set of policies and procedures for the authorisation of information submitted to APRA is in place.
12. Under *Prudential Standard GPS 310 Audit and Related Matters* (GPS 310), the Group Auditor of a Level 2 insurance group is not ordinarily required to provide a limited assurance review in relation to information provided by the parent entity of the Level 2 insurance group under this Reporting Standard.

Authorisation

13. When an officer, or agent, of a parent entity of a Level 2 insurance group provides the information required by this Reporting Standard using an electronic format the officer, or agent, must digitally sign the relevant information using a digital certificate acceptable to APRA.
14. If the information required by this Reporting Standard is provided by an agent who submits the information on the parent entity of a Level 2 insurance group's behalf, the parent entity of the Level 2 insurance group must:
 - (a) obtain from the agent a copy of the completed information provided to APRA; and
 - (b) retain the completed copy.
15. An officer, or agent, of the parent entity of a Level 2 insurance group who submits the information under this Reporting Standard for, or on behalf of, the parent entity of a Level 2 insurance group must be authorised by either:
 - (a) the Principal Executive Officer of the parent entity of the Level 2 insurance group; or
 - (b) the Chief Financial Officer of the parent entity of the Level 2 insurance group.

Variations

16. APRA may, by written notice to the parent entity of a Level 2 insurance group, vary the reporting requirements of this Reporting Standard in relation to that Level 2 insurance group.

Transition

17. A parent entity of a Level 2 insurance group must report under the old reporting standard in respect of a transitional reporting period. For these purposes:

old reporting standard means the reporting standard revoked in the determination making this Reporting Standard (being the reporting standard which this Reporting Standard replaces); and

transitional reporting period means a reporting period under the old reporting standard:

- (a) which ended before 1 July 2023; and
- (b) in relation to which the parent entity of a Level 2 insurance group was required, under the old reporting standard, to report by a date on or after the date of revocation of the old reporting standard.

Note: For the avoidance of doubt, if the parent entity of a Level 2 insurance group was required to report under an old reporting standard, and the reporting documents were due before the date of revocation of the old reporting standard, the parent entity of a Level 2 insurance group is still required to provide any overdue reporting documents in accordance with the old reporting standard.

Specific instructions

Reinsurance assets by counterparty

For the purposes of GRS 460.0.G, it is acceptable for a regulated institution to report less than 100 per cent of the regulated institution's total exposure to individual reinsurance counterparties. However, at a minimum, the regulated institution must report exposures to individual reinsurance counterparties such that the aggregate of the amount reported represents at least 95 per cent of the sum of the regulated institution's total *central estimate of reinsurance recoverables* (including *net reinsurance recoverable on paid claims overdue for more than 6 months – central estimate* and *reinsurance recoverable outstanding from second annual balance date after the event – central estimate*) and *expected reinsurance recoverables*. The remaining exposure to individual counterparties can be aggregated and must be reported in Table 1 as a balancing item under *all other counterparties* in the *name of counterparty (reinsurer)* column.

Reporting Practice Guide GRPG 460 Reinsurance Counterparty Data Collection provides guidance to assist regulated institutions in completing GRS 460.0.G.
