

Reporting Standard HRS 112.3

Related Party Exposures

Objective of this Reporting Standard

This Reporting Standard sets out the requirements for the provision of information to APRA regarding the determination of a private health insurer's related party exposures.

It includes associated specific instructions and must be read in conjunction with *Prudential Standard HPS 110 Capital Adequacy* and *Prudential Standard HPS 112 Capital Adequacy: Measurement of Capital*.

Authority

1. This Reporting Standard is made under section 13 of the *Financial Sector (Collection of Data) Act 2001*.

Purpose

2. The information reported to APRA under this Reporting Standard is used by APRA for the purpose of prudential supervision including assessing compliance with capital standards.

Application and commencement

3. This Reporting Standard applies to all private health insurers. This Reporting Standard applies for reporting periods ending on or after 1 July 2023.

Information required

4. A private health insurer must provide APRA with the information required by this Reporting Standard for each reporting period.
5. The information required by this Reporting Standard must be provided, as relevant, for:
 - (a) each health benefits fund of the private health insurer; and
 - (b) the general fund of the private health insurer.

Method of submission

6. The information required by this Reporting Standard must be given to APRA:
 - (a) in electronic format using an electronic method available on APRA's website; or

(b) by a method notified by APRA prior to submission.

Reporting periods and due dates

7. Subject to paragraph 8, a private health insurer must provide the information required by this Reporting Standard:
 - (a) in respect of each calendar quarter (i.e. the periods ending 30 September, 31 December, 31 March and 30 June); and
 - (b) in respect of each year ending 30 June.
8. If, having regard to the particular circumstances of a private health insurer, APRA considers it necessary or desirable to obtain information more or less frequently than as provided by subparagraph 7(a) or 7(b), APRA may, by notice in writing, change the reporting periods, or specify reporting periods, for the particular private health insurer.
9. The information required by this Reporting Standard must be provided to APRA:
 - (a) in the case of quarterly information, within 28 calendar days after the end of the reporting period to which the information relates;
 - (b) in the case of annual information, by 30 September each year; or
 - (c) in the case of information provided in accordance with paragraph 8, within the time specified by notice in writing.
10. APRA may, in writing, grant a private health insurer an extension of a due date, in which case the new due date will be the date on the notice of extension.

Note: For the avoidance of doubt, if the due date for a particular reporting period falls on a day other than a usual business day, a private health insurer is nonetheless required to submit the information required no later than the due date.

Quality control

11. All information provided by a private health insurer under this Reporting Standard must be subject to systems, processes and controls developed by the private health insurer for the internal review and authorisation of that information. It is the responsibility of the Board and senior management of the private health insurer to ensure that an appropriate set of policies and procedures for the authorisation of information submitted to APRA is in place.

Annual audit requirements

12. By 30 September each year, a private health insurer must give to APRA an auditor's report relating to:
 - (a) the information provided by the private health insurer under this Reporting Standard for each quarter in the year ending 30 June of that year; or
 - (b) if the private health insurer provides an amended quarterly return to replace a return referred to in paragraph (a) — the amended quarterly return.

13. The auditor providing the report to a private health insurer must not be an Officer of, or employed by, the private health insurer.
14. For the purposes of paragraph 12, the auditor's report must be addressed to APRA and must set out the auditor's opinion as to whether:
 - (a) the records for the health benefits fund and general fund contain the information required to be kept by this Reporting Standard;
 - (b) the submitted information for the purposes of this Reporting Standard, accurately reflects the information contained in the records of the health benefits fund and general fund; and
 - (c) the records of the health benefits fund, general fund, and private health insurer have been accurately compiled so as to permit the private health insurer to fairly state the information required by this Reporting Standard.
15. If a private health insurer received a qualified auditor's report for a health benefits fund or general fund for the year previous to the year for which the report is provided, the report for the year for which the report is provided must state whether the auditor has examined the issues identified and is satisfied that the private health insurer has taken the appropriate steps to rectify the matters raised in the previous report.
16. The auditor's report must:
 - (a) state details of the program adopted to carry out the audit; and
 - (b) include the name of, and be signed by, the auditor who takes responsibility for the accuracy of the report.

Authorisation

17. A person who submits the information required under this Reporting Standard must be suitably authorised by an officer of the private health insurer.

Variations

18. APRA may, in writing, vary the reporting requirements of this Reporting Standard in relation to a private health insurer.

Interpretation

19. In this Reporting Standard:
 - (a) unless the contrary intention appears, words and expressions have the meanings given to them in *Prudential Standard HPS 001 Definitions* (HPS 001); and
 - (b) the following definitions are applicable:

APRA means the Australian Prudential Regulation Authority established under the *Australian Prudential Regulation Authority Act 1998*;

capital standards means the prudential standards which relate to capital adequacy as defined in HPS 001;

fund means each health benefits fund and the general fund, unless otherwise noted;

officer has the meaning in the *Private Health Insurance (Prudential Supervision) Act 2015* (the Act);

private health insurer has the meaning in the Act;

reporting party means the reporting fund of the private health insurer; and

reporting period means a period mentioned in paragraph 7 or, if applicable, paragraph 8.

20. Unless the contrary intention appears, a reference to an Act, Prudential Standard, Reporting Standard, Australian Accounting or Auditing Standard is a reference to the instrument as in force from time to time.
