

Reporting Standard SRS 605.0

RSE Structure

Objective of this reporting standard

This Reporting Standard sets out requirements for the provision of information to APRA relating to the structure of a registrable superannuation entity (RSE), defined benefit RSE, Pooled Superannuation Trust (PST) or eligible rollover fund (ERF).

It includes *Reporting Form SRF 605.0 RSE Structure* (SRF 605.0) and associated specific instructions.

Authority

1. This Reporting Standard is made under section 13 of the *Financial Sector (Collection of Data) Act 2001*.

Purpose

2. Information collected under this Reporting Standard is used by APRA for the purposes of prudential supervision and publication. It may also be used by the Australian Securities and Investments Commission.

Application

3. This Reporting Standard applies to each registrable superannuation entity (RSE) licensee (RSE licensee) in respect of each RSE, defined benefit RSE, pooled superannuation trust (PST) and eligible rollover fund (ERF) within its business operations¹.

¹ For the purposes of this Reporting Standard, an RSE licensee's 'business operations' includes all activities it conducts as an RSE licensee (including the activities of each RSE of which it is the licensee), and all other

Commencement

4. This Reporting Standard applies to reporting periods ending on or after 30 June ~~2021~~2023.

Reporting periods

5. Reporting periods under this Reporting Standard are each year ending 30 June.

Information required

6. An RSE licensee must provide APRA with the information required by this Reporting Standard for reporting periods ending on or after 30 June ~~2021~~2023.
7. An RSE licensee to which this Reporting Standard applies must provide information required under paragraph 6 ~~for reporting periods ending on or after 30 June 2022~~, within 28 days after the end of the relevant reporting period.

Ad-hoc information required

8. Where an RSE licensee makes a change to information, on or after 1 July 2023, relating to superannuation products, investment menus, investment options or fee and cost arrangements in respect of an RSE, defined benefit RSE, PST or ERF, and this results in information reported under this Reporting Standard no longer being accurate, the RSE licensee must provide updated information required by this Reporting Standard as at the date of the change within 28 calendar days after the end of the calendar quarter in which the change occurred for the periods ending 30 September, 31 December and 31 March.

Quarterly attestation required

9. An RSE licensee must provide APRA an attestation that the information it last provided APRA under this Reporting Standard is still accurate as at the end of every calendar quarter (i.e. the periods ending 30 September, 31 December, 31 March and 30 June each year) or that the RSE Licensee has, or will be, providing updated information to APRA in accordance with paragraph 8.
10. An RSE licensee to which this Reporting Standard applies must provide information required under paragraph 9, within 28 days after the end of each calendar quarter.

Notices

11. If, having regard to the particular circumstances of an RSE, defined benefit RSE, PST or ERF, APRA considers it necessary or desirable to obtain information more or less frequently than as provided by paragraph 5, APRA may, by notice in writing, change the

activities of the RSE licensee to the extent that they are relevant to, or may impact on, its activities as an RSE licensee. For the avoidance of doubt, if the RSE licensee is trustee of more than one RSE, defined benefit RSE, PST or ERF, the RSE licensee must separately provide the information required by this Reporting Standard for each RSE, defined benefit RSE or ERF within its business operations. An RSE licensee that does not have any RSEs, defined benefit RSEs or ERFs within its business operations is not required to provide information under this Reporting Standard.

reporting periods for the particular RSE, defined benefit RSE, PST or ERF.

12. Where APRA has changed the reporting periods under paragraph 11, the RSE licensee must provide the relevant information within the time specified by the notice in writing.
13. APRA may grant, in writing, an RSE licensee an extension of a due date with respect to one or more RSEs, defined benefit RSEs, PSTs or ERFs within its business operations, in which case the new due date for the provision of the information will be the due date on the specified notice of extension.

Note: For the avoidance of doubt, if the due date falls on a day other than a usual business day, an RSE licensee is nonetheless required to submit the information required no later than the due date.

Form and method of submission

14. The information required by this Reporting Standard must be given to APRA in electronic format using an electronic method available on APRA's website or by a method notified by APRA prior to submission.

Quality control

15. The information provided by an RSE licensee under this Reporting Standard must be the product of systems, procedures and internal controls that have been reviewed and tested by the RSE auditor of the RSE, defined benefit RSE, PST or ERF to which the information relates². This will require the RSE auditor to review and test the RSE licensee's systems, procedures and internal controls designed to enable the RSE licensee to report reliable information to APRA. This review and testing must be done on:
 - (a) an annual basis or more frequently if necessary to enable the RSE auditor to form an opinion on the reliability and accuracy of information; and
 - (a) at least a limited assurance engagement consistent with professional standards and guidance notes issued by the Auditing and Assurance Standards Board as may be amended from time to time, to the extent that they are not inconsistent with the requirements of *Prudential Standard SPS 310 Audit and Related Matters* (SPS 310).
16. All information provided by an RSE licensee under this Reporting Standard must be subject to systems, processes and controls developed by the RSE licensee for the internal review and authorisation of that information. It is the responsibility of the Board and senior management of the RSE licensee to ensure that an appropriate set of policies, procedures and controls for the authorisation of information submitted to APRA is in place.

Authorisation

17. When an officer or agent of an RSE licensee provides the information required by this Reporting Standard using an electronic format, the officer or agent must digitally sign

² Refer also to *Prudential Standard SPS 310 Audit and Related Matters* (SPS 310).

the relevant information using a digital certificate acceptable to APRA.

18. If the information required by this Reporting Standard is provided by an agent who submits the information on the RSE licensee's behalf, the RSE licensee must:
 - (a) obtain from the agent a copy of the completed form with the information provided to APRA; and
 - (b) retain the completed copy.
19. An officer or agent of an RSE licensee who submits the information under this Reporting Standard for, or on behalf of, the RSE licensee must be authorised by either:
 - (a) the Chief Executive Officer of the RSE licensee; or
 - (b) the Chief Financial Officer of the RSE licensee.

Minor alterations to forms and instructions

20. APRA may make minor variations to:
 - (a) a form that is part of this Reporting Standard, and the instructions to such a form, to correct technical, programming or logical errors, inconsistencies or anomalies; or
 - (b) the instructions to a form, to clarify their application to the form,without changing any substantive requirement in the form or instructions.
21. If APRA makes such a variation, it must notify each RSE licensee that is required to report under this Reporting Standard.

Interpretation

22. In this Reporting Standard:

APRA means the Australian Prudential Regulation Authority established under the *Australian Prudential Regulation Authority Act 1998*.

Chief Executive Officer means the chief executive officer of the RSE licensee, by whatever name called, and whether or not he or she is a member of the Board of the RSE licensee³.

Chief Financial Officer means the chief financial officer of the RSE licensee, by whatever name called.

defined benefit RSE has the meaning of defined benefit fund in subsection 10(1) of the SIS Act.

³ Refer to *Prudential Standard SPS 510 Governance*.

due date means the relevant due date under paragraphs 7, 8, 10 or, if applicable, paragraph 13 of this Reporting Standard.

eligible rollover fund (ERF) has the meaning given in subsection 10(1) of the SIS Act.

pooled superannuation trust (PST) has the meaning given in subsection 10(1) of the SIS Act.

reporting period means a period mentioned in paragraph 5 or, if applicable, paragraph 11 of this Reporting Standard.

RSE means a registrable superannuation entity as defined in subsection 10(1) of the SIS Act that is not a defined benefit RSE, pooled superannuation trust, ERF, small APRA fund or single member approved deposit fund⁴.

RSE auditor means an auditor appointed by the RSE licensee to perform functions under this Reporting Standard.

RSE licensee has the meaning given in subsection 10(1) of the SIS Act.

SIS Act means *Superannuation Industry (Supervision) Act 1993*.

23. In this Reporting Standard, unless the contrary intention appears, a reference to an Act, Regulation, Prudential Standard, Reporting Standard, Australian Accounting Standard or Auditing Standard is a reference to the instrument as in force or existing from time to time.
24. Where this Reporting Standard provides for APRA to exercise a power or discretion, this power or discretion is to be exercised in writing.

⁴ For the purposes of this Reporting Standard, ‘pooled superannuation trust’ has the meaning given in subsection 10(1) of the SIS Act, ‘small APRA fund’ means a superannuation entity that is a regulated superannuation fund, within the meaning of the SIS Act, which has no more than six members and ‘single member approved deposit fund’ means a superannuation entity that is an approved deposit fund, within the meaning of the SIS Act, which has only one member.

Reporting Form SRF 605.0

RSE Structure

Instruction Guide

This instruction guide is designed to assist in the completion of *Reporting Form SRF 605.0 RSE Structure* (SRF 605.0). This form collects information on the structure of each RSE's business operations.

General directions and notes

Reporting level

SRF 605.0 must be completed for each RSE licensee in respect of each registrable superannuation entity (RSE), defined benefit RSE, pooled superannuation trust (PST) and eligible rollover fund (ERF), as relevant, within its business operations.

Reporting tables

Tables described in this reporting form list each of the data fields required to be reported. The data fields are listed sequentially in the column order that they will appear in the reported data set. Constraints on the data that can be reported for each field have also been provided.

The Unique identifier column indicates which field or fields form the primary key of the table. Where a field has 'Y' in the Unique identifier column, this denotes that this field forms part of the primary key for the table. A blank cell in the Unique identifier column means that the field does not form part of the primary key for the table. Any specific combination of values in the fields that form the primary key of a table must not appear on more than one row in that table when reported.

Reporting basis and units of measurement

Amounts in SRF 605.0 are to be reported as percentages or whole numbers. Percentages are to be reported as an unconverted number to two decimal places. For example, 12.34 per cent is to be reported as 0.1234.

Items on SRF 605.0 must be reported as at the end of the reporting period, or, if an RSE licensee is submitting ad-hoc information, as at the date of the change.

Definitions

Terms highlighted in ***bold italics*** indicate that the definition is provided in *Reporting Standard SRS 101.0 Definitions for Superannuation Data Collections* (SRS 101.0).

Table 3: Investment options

Unless aggregation is permitted as described below, report each *investment option* that members invested in or had the option to invest in at any time during the reporting period. Report each group of *investment options* that have been aggregated that members invested in or had the option to invest in at any time during the reporting period.

For the 30 June 2021 reporting period, for each investment menu reported with *Investment Menu Type* of 'Lifecycle option', RSE licensees

must report all investment options the *investment menu* provided a pathway to from 30 June 2014 up to and including 30 June 2021, regardless of whether the *investment options* have an *investment option end date* prior to 30 June 2021.

The *investment option categories* that may be aggregated are:

- *Direct Shares*;
- *Direct Term Deposit*;
- *Direct Hybrid Security* and
- *Direct Fixed Income Instrument*.

Where an *investment option category* has been listed as being permitted to be aggregated, the RSE licensee can either:

- Report each *investment option* within that *investment option category* on a separate line; or
- Aggregate the *investment options* within that *investment option category* subject to the following conditions:
 - Only *investment options* with the same *investment option type* and *investment option category* may be aggregated;
 - The *investment option* name and description should reflect the fact that aggregation has taken place;
 - The number of investments included column must be completed, indicating the number of *investment options* that have been aggregated;
 - APIR Code should be left blank;
 - Ticker Symbol Text should be left blank;
 - Investment Option Inception Date should be the earliest of the *inception dates* of the *investment options* being aggregated;
 - Only *investment options* with the same combination of:
 - Exchange Code Text;
 - Able To Freeze For Redemptions Investment Option Indicator;
 - Frozen For Redemptions Investment Option Indicator; and
 - Open To New Members Investment Option Indicator,
 can be aggregated.
 - For columns:
 - Minimum Balance Investment Option Amount;
 - Investment Cap Investment Option Percent; and
 - Minimum Purchase Transaction Investment Option Amount,
 the lowest non blank value of this column from the aggregated *investment options* should be reported. Should all aggregated *investment options* have an blank value, then that column may be left blank for the aggregation.

- **End date** should only be reported once all of the *investment options* within the aggregation have ended. It should be set to the latest *end date* from the *investment options* aggregated.
