

Reporting Standard SRS 706.0

Fees and Costs Disclosed

Objective of this reporting standard

This Reporting Standard sets out requirements for the provision of information to APRA relating to the disclosed fees and costs of superannuation products, investment menus and investment options.

It includes *Reporting Form SRF 706.0 Fees and Costs Disclosed* and associated specific instructions.

Authority

1. This Reporting Standard is made under section 13 of the *Financial Sector (Collection of Data) Act 2001*.

Purpose

2. Information collected under this Reporting Standard is used by APRA for the purposes of prudential supervision and publication. It may also be used by the Australian Securities and Investments Commission.

Application

3. This Reporting Standard applies to each registrable superannuation entity (RSE) licensee (RSE licensee) in respect of each RSE, defined benefit RSE and eligible rollover fund (ERF) within its business operations¹.

¹ For the purposes of this Reporting Standard, an RSE licensee's 'business operations' includes all activities it conducts as an RSE licensee (including the activities of each RSE of which it is the licensee), and all other activities of the RSE licensee to the extent that they are relevant to, or may impact on, its activities as an RSE licensee. For the avoidance of doubt, if the RSE licensee is trustee of more than one RSE, defined benefit RSE or ERF, the RSE licensee must separately provide the information required by this Reporting Standard

Commencement

4. This Reporting Standard applies to reporting periods ending on and after 30 June 2023.

Reporting periods

5. Reporting periods under this Reporting Standard are each year ending 30 June.

Information required

6. RSE licensees must provide information required by this Reporting Standard in respect of:
 - (a) 30 June 2024; and
 - (b) each subsequent 30 June.
7. An RSE licensee to which this Reporting Standard applies must provide the information required by paragraph 6, within 28 days after the end of the relevant reporting day.
8. An RSE licensee to which this Reporting Standard applies must provide the information required by paragraph 6 on a forward-looking basis.

Ad-hoc information required

9. Where an RSE licensee makes a change to information relating to fees and costs that the RSE licensee is required to disclose to members, resulting in a change to information reported under this Reporting Standard, on or after 1 July 2023, the RSE licensee must provide updated information required by this Reporting Standard as at the date of the change, within 28 calendar days after the end of the calendar quarter in which the change occurred for the periods ending 30 September, 31 December and 31 March.

Quarterly attestation required

10. An RSE licensee must provide APRA an attestation that the information it last provided APRA under this Reporting Standard was still accurate as at the end of every calendar quarter (i.e. the periods ending 30 September, 31 December, 31 March and 30 June each year) or that the RSE Licensee has, or will be, providing updated information to APRA in accordance with paragraph 9.
11. An RSE licensee to which this Reporting Standard applies must provide information required under paragraph 10, within 28 days after the end of each calendar quarter.

Notices

12. If, having regard to the particular circumstances of an RSE, defined benefit RSE or
-

for each RSE, defined benefit RSE or ERF within its business operations. An RSE licensee that does not have any RSEs, defined benefit RSEs or ERFs within its business operations is not required to provide information under this Reporting Standard.

ERF, APRA considers it necessary or desirable to obtain information more or less frequently than as provided by paragraph 8, APRA may, by notice in writing, change the reporting day for the particular RSE, defined benefit RSE, PST or ERF.

13. Where APRA has changed the reporting day under paragraph 12, the RSE licensee must provide the relevant information within the time specified by the notice in writing.
14. APRA may grant, in writing, an RSE licensee an extension of a due date with respect to one or more RSEs, defined benefit RSEs, PSTs or ERFs within its business operations, in which case the new due date for the provision of the information will be the due date on the specified notice of extension.

Note: For the avoidance of doubt, if the due date falls on a day other than a usual business day, an RSE licensee is nonetheless required to submit the information required no later than the due date.

Form and method of submission

15. The information required by this Reporting Standard must be given to APRA in electronic format using an electronic method available on APRA's website or by a method notified by APRA prior to submission.

Quality control

16. The information provided by an RSE licensee under this Reporting Standard must be the product of systems, procedures and internal controls that have been reviewed and tested by the RSE auditor of the RSE, defined benefit RSE or ERF to which the information relates². This will require the RSE auditor to review and test the RSE licensee's systems, procedures and internal controls designed to enable the RSE licensee to report reliable information to APRA. This review and testing must be done on:
 - (a) an annual basis or more frequently if necessary to enable the RSE auditor to form an opinion on the reliability and accuracy of information; and
 - (b) at least a limited assurance engagement consistent with professional standards and guidance notes issued by the Auditing and Assurance Standards Board as may be amended from time to time, to the extent that they are not inconsistent with the requirements of *Prudential Standard SPS 310 Audit and Related Matters* (SPS 310).
17. All information provided by an RSE licensee under this Reporting Standard must be subject to systems, processes and controls developed by the RSE licensee for the internal review and authorisation of that information. It is the responsibility of the Board and senior management of the RSE licensee to ensure that an appropriate set of policies, procedures and controls for the authorisation of information submitted to APRA is in place.

² Refer also to *Prudential Standard SPS 310 Audit and Related Matters* (SPS 310).

Authorisation

18. When an officer or agent of an RSE licensee provides the information required by this Reporting Standard using an electronic format, the officer or agent must digitally sign the relevant information using a digital certificate acceptable to APRA.
19. If the information required by this Reporting Standard is provided by an agent who submits the information on the RSE licensee's behalf, the RSE licensee must:
 - (a) obtain from the agent a copy of the completed form with the information provided to APRA; and
 - (b) retain the completed copy.
20. An officer or agent of an RSE licensee who submits the information under this Reporting Standard for, or on behalf of, the RSE licensee must be authorised by either:
 - (a) the Chief Executive Officer of the RSE licensee; or
 - (b) the Chief Financial Officer of the RSE licensee.

Minor alterations to forms and instructions

21. APRA may make minor variations to:
 - (a) a form that is part of this Reporting Standard, and the instructions to such a form, to correct technical, programming or logical errors, inconsistencies or anomalies; or
 - (b) the instructions to a form, to clarify their application to the form,without changing any substantive requirement in the form or instructions.
22. If APRA makes such a variation, it must notify each RSE licensee that is required to report under this Reporting Standard.

Transition

23. An RSE licensee to which this Reporting Standard applies must report under the old reporting standard in respect of a transitional reporting period. For these purposes:

old reporting standard means the reporting standard revoked in the determination making this Reporting Standard; and

transitional reporting period means a reporting period under the old reporting standard:

- (a) that ended before 1 July 2023; and
- (b) in relation to which the RSE licensee was required, under the old reporting standard, to report by a date on or after the date of revocation of the old reporting standard.

Note: For the avoidance of doubt, if an RSE licensee was required to report under an old reporting

standard, and the reporting documents were due before the date of revocation of the old reporting standard, the RSE licensee is still required to provide any overdue reporting documents in accordance with the old reporting standard

Reporting Form SRF 706.0

Fees and Costs Disclosed

Instruction Guide

This instruction guide is designed to assist in the completion of *Reporting Form SRF 706.0 Fees and Costs Disclosed* (SRF 706.0).

General directions and notes

Reporting level

SRF 706.0 must be completed for each *superannuation product*, *investment menu* and *investment option* within each RSE, defined benefit RSE and eligible rollover fund (ERF) within its business operations excluding the following:

- *investment options* which are permitted to be aggregated in Table 3 of *Reporting Form SRF 605.0 RSE Structure* (SRF 605.0);
- *investment options* which solely underlie defined benefits; and
- *investment options* which are reported on SRF 605.0 under *investment option category Annuity*.

Report fees and costs for the *superannuation product*, *investment menu* or *investment option* at which they arise or are incurred.

RSE licensees need to determine the appropriate reporting level for each of the applicable fees and costs depending on the structure of the RSE, defined benefit RSE and ERF.

Fees and costs may be incurred at each RSE structure level, but may vary depending on the combination of RSE structure levels a member is in.

For example, it is expected that administration fees will generally be reported at a *superannuation product* level, platform fees may sometimes be reported at the *investment menu* level, while investment management fees will generally be reported at the *investment option* level. The investment management fee for an *investment option* may vary depending on which *superannuation product* the member is invested through.

Where the fee or cost is applicable to all members in the RSE structure level, the RSE licensee must report data for that RSE structure level and report 'ALL' for the remaining RSE structure levels.

Where the fee or cost varies depending on the combination of RSE structure levels, the RSE licensee must report data for each relevant combination of *superannuation product*, *investment menu* and *investment option*.

For example, an administration fee that applies across all *investment menus* and *investment options* within a *superannuation product* would be identified with the relevant *superannuation product identifier* to which it applies. The *investment menu identifier* and *investment option identifier* would be reported as 'ALL'.

Reporting tables

Tables described in this reporting form list each of the data fields required to be reported. The data fields are listed sequentially in the column order that they will appear in the reported data set. Constraints on the data that can be reported for each field have also been provided.

The Unique identifier column indicates which field or fields form the primary key of the table. Where a field has 'Y' in the Unique identifier column, this denotes that this field forms part of the primary key for the table. A blank cell in the Unique identifier column means that the field does not form part of the primary key for the table. Any specific combination of values in the fields that form the primary key of a table must not appear on more than one row in that table when reported.

Reporting basis and unit of measurement

SRF 706.0 captures all fees and costs that are proposed to be charged to a member or would otherwise affect member balances. It includes all standard and customised fee structures, such as fees and costs that would appear in the *Product Disclosure Statement (PDS)* for the superannuation product, and fees and costs relating to accessible products available on platform pursuant to the PDS for those accessible products.

Unless otherwise instructed, report all items on SRF 706.0 in accordance with the **RG 97 version** indicated in SRF 605.0.

All fees and costs reported on SRF 706.0 must be reported 'gross of tax obligations' where 'gross of tax obligations' refers to gross of income tax, GST and stamp duty.

This means the fees and costs must be reported prior to taking into account any benefit of a tax deduction relating to a fee that is passed on to a member either as a reduction in tax on contributions or through the deduction of a fee that is lower than what is reported to take account of the tax

deduction.

Amounts in SRF 706.0 are to be reported as whole dollars, dollars and cents on a per member basis, or percentages. Percentages should be reported as an unconverted number to four decimal places. For example, 12.3456 per cent is to be reported as 0.123456.

Items on SRF 706.0 must be reported as at the reporting day.

Definitions

Terms highlighted in ***bold italics*** indicate that the definition is provided in *Reporting Standard SRS 101.0 Definitions for Superannuation Data Collections* (SRS 101.0).

Specific instructions

Table 1: Fees and costs disclosed

Report Table 1 as at the end of the reporting day. Where fees and costs vary according to the combination of fees and costs arrangement, superannuation product, investment menu or investment option, indicate this by use of the appropriate identifier in relevant columns, otherwise make use of ‘ALL’ as described above.

All fees and costs data under SRS 706.0 should be reported as the annual fee disclosed or the fee per activity disclosed as at the reporting date. Where a fee or cost is calculated or charged more frequently than annually, the RSE licensee should report the calculation frequency in column 10, and the charge frequency in column 11. The RSE licensee should report the percentage or dollar charge in column 17 or 20 as the fee or cost ***per annum*** regardless of the calculation or charge frequency. Where a fee or cost is calculated or charged per activity, the RSE licensee should report the percentage or dollar charge in column 17 or 20 as the fee or cost per activity
