It includes Reporting Form ARF 720.0A ABS/RBA Statement of Financial Position (Standard), Reporting Form ARF 720.0B ABS/RBA Statement of Financial Position (Reduced) and the associated specific instructions.

Authority

1. This Reporting Standard is made under section 13 of the Financial Sector (Collection of Data) Act 2001.

Purpose

2. Information collected by Reporting Form ARF 720.0A ABS/RBA Statement of Financial Position (Standard) (ARF 720.0A) and Reporting Form ARF 720.0B ABS/RBA Statement of Financial Position (Reduced) (ARF 720.0B) is used by the ABS and RBA for various purposes, including the compilation of Australia’s National Accounts and the calculation of the monetary and credit aggregates. This information may also be used by APRA for prudential and publication purposes.

3. This Reporting Standard is an Economic and Financial Statistics (EFS) Reporting Standard for the purposes of Reporting Standard ARS 701.0 ABS/RBA Definitions for the EFS Collection (ARS 701.0).

Application and commencement

4. This Reporting Standard applies to an authorised deposit-taking institution (ADI) or registered financial corporation (RFC) as set out in the table below, where ‘total assets’ are measured by the value reported in item 13 (column 1) on ARF 720.0A/B or the value reported in item 11 (column 1, BSAO11072) on Reporting Form ARF 323.0 Statement of Financial Position (Licensed ADI) (ARF 323.0) as at 31 December of the prior calendar year.
5. *APRA* may from time to time determine that a threshold, or a higher threshold than that specified in paragraph 4 of this Reporting Standard, will apply to a particular *ADI* or *RFC*. If *APRA* does so it will notify the *ADI* or *RFC* concerned in writing.

6. This Reporting Standard commences on 1 January 2019 but only applies for reporting periods ending on or after 31 March 2019.

### Information required

7. An *ADI* or *RFC* to which this Reporting Standard applies must provide *APRA* with the information required by this Reporting Standard ARF 720.0A/B for each reporting period on a domestic books consolidation.

### Method of submission

8. The information required by this Reporting Standard must be given to *APRA* in electronic format, using the ‘Direct to APRA’ application or by a method (i.e. a web-based solution) notified by *APRA*, in writing, prior to submission.

   *Note*: the Direct to APRA application software (also known as D2A) may be obtained from *APRA*.

### Reporting periods and due dates

9. The information required by this Reporting Standard must be provided by an *ADI* or *RFC* to which this Reporting Standard applies under paragraphs 4 or 5, where ‘total assets’ are measured by the value reported in item 13 (column 1) on ARF 720.0A/B or the value reported in item 11 (column 1, BSAO11072) on ARF 323.0 as at 31 December of the prior calendar year:

   (b) in respect of each calendar month ended 31 December by an *RFC* with total assets < $400 million.

---

1 *APRA* may exempt an *ADI* from providing information under this Reporting Standard on the condition that it provides other information required by this Reporting Standard. *APRA* may exercise this discretion to ensure the information collected continues to accord with the Purpose.

For example, *APRA* may exempt an *ADI*, under paragraph 16(1)(b) of the *Financial Sector (Collection of Data) Act 2001*, from the requirement to provide information under ARF 720.0A, on the condition it provides information under ARF 720.0B.
10. The information required by this Reporting Standard must be provided to APRA within 10 business days after the end of the reporting period to which the information relates.

11. APRA may, by notice in writing, change the reporting periods, or specified reporting periods, for a particular ADI or RFC, to require it to provide the information required by this Reporting Standard more frequently, or less frequently, having regard to:

(a) the particular circumstances of the ADI or RFC; and

(b) the extent to which the information is required for the purposes of the ABS or RBA.

12. APRA may grant an ADI or RFC an extension of a due date, in writing, in which case the new due date for the provision of the information will be the date on the notice of extension.

Quality control

13. All information provided by an ADI or RFC under this Reporting Standard must be the product of systems, processes and controls that have been reviewed and tested by the external auditor of the ADI or RFC as set out in Prudential Standard APS 310 Audit and Related Matters for ADIs or Reporting Standard RRS 710.0 ABS/RBA Audit Requirements for Registered Financial Corporations for RFCs. Relevant standards and guidance statements issued by the Auditing and Assurance Standards Board provide information on the scope and nature of the review and testing required from external auditors. This review and testing must be done on an annual basis or more frequently if required by the external auditor to enable the external auditor to form an opinion on the accuracy and reliability of the information provided by an ADI or RFC under this Reporting Standard.

14. All information provided by an ADI or RFC under this Reporting Standard must be subject to systems, processes and controls developed by the ADI or RFC for the internal review and authorisation of that information. These systems, processes and controls are to assure the completeness and reliability of the information provided.

Authorisation

15. When an officer of an ADI or RFC submits information under this Reporting Standard and uses the D2A application, or other method notified by APRA, it will be necessary for the officer to digitally sign the relevant information using a digital certificate or other digital identity credential acceptable to APRA.

Minor alterations to forms and instructions

16. APRA may make minor variations to:

(a) a form that is part of this Reporting Standard, and the instructions to such a form, to correct technical, programming or logical errors, inconsistencies or anomalies; or

(b) the instructions to a form, to clarify their application to the form.
without changing any substantive requirement in the form or instructions.

17. If APRA makes such a variation it must notify in writing each ADI or RFC that is required to report under this Reporting Standard.
