

12 March 2018

TO: DATA COLLECTION SOLUTION SUBSCRIBERS

SUBJECT: UPDATE 1

APRA has had a great initial response to its engagement materials. As at 7 March:

- Almost 250 people have signed up to attend webinars
- 200 people have subscribed for regular updates

In the past week, I presented at ASIC's RegTech Liaison Forum, attended by a variety of stakeholders including RegTech vendors, financial institutions and government agencies. The insights shared by stakeholders included:

- Widespread recognition that it is time to replace D2A.
- A number of ideas and suggestions, indicating the breadth of opportunities at this early stage.

APRA looks forward to hearing from industry throughout March and April, commencing with webinars between 13 March and 23 March.

The full engagement schedule is [here](#), where you can also sign up for a webinar. An additional superannuation webinar has been added (19 March) in response to industry feedback.

Please share your insights to ensure the new system maximises the benefits and lessens the burden of moving to the new solution for your organisation and industry overall.

Yours sincerely,

Daniel Hunt
Business Lead,
Data Collection Solution
