

## Reporting Standard ARS 222.0

### Exposures to Related Entities

#### Objective of this reporting standard

This Reporting Standard sets out requirements for the provision of information to APRA relating to an authorised deposit-taking institution's exposures to related entities.

It includes *Reporting Form ARF 222.0 Exposures to related entities* and *Reporting Form ARF 222.1 Exposures to related entities – foreign ADI* and associated specific instructions and should be read in conjunction with *Prudential Standard APS 222 Associations with Related Entities*.

#### Authority

1. This Reporting Standard is made under section 13 of the *Financial Sector (Collection of Data) Act 2001*.

#### Purpose

2. Information collected under this Reporting Standard is used by APRA for the purpose of prudential supervision. It may also be used by the Reserve Bank of Australia (RBA) and the Australian Bureau of Statistics (ABS).

#### Application

3. This Reporting Standard applies to all authorised deposit-taking institutions (ADIs) with the exception of providers of purchased payment facilities (PPFs).

#### Commencement

4. This Reporting Standard applies to reporting periods ending on or after 1 January 2020.

#### Information required

5. A locally incorporated ADI to which this Reporting Standard applies must provide APRA with the information required by the *Reporting Form ARF 222.0 Exposures to related entities* (ARF 222.0) designated for an ADI on a Level 1 basis for each reporting period.

6. A foreign ADI to which this Reporting Standard applies must provide APRA with the information required by *Reporting Form ARF 222.1 Exposures to related entities – foreign ADI* (ARF 222.1) designated for a foreign ADI on a domestic book basis for each reporting period.

### **Form and method of submission**

7. The information required by this Reporting Standard must be given to APRA in an electronic format using a method notified by APRA prior to submission.

### **Reporting periods and due dates**

8. Subject to paragraph 10 of this Reporting Standard, an ADI to which this Reporting Standard applies must provide the information required by this Reporting Standard for each quarter based on the financial year (within the meaning of the *Corporations Act 2001*) of the ADI.
9. Subject to paragraph 11 of this Reporting Standard, the information required by this Reporting Standard must be provided to APRA within 28 calendar days after the end of the reporting period to which the information relates.
10. APRA may change the reporting periods, or specified reporting periods, for a particular ADI, to require it to provide the information required by this Reporting Standard more frequently, or less frequently, having regard to:
  - (a) the particular circumstances of the ADI;
  - (b) the extent to which the information is required for the purposes of prudential supervision of the ADI; and
  - (c) the requirements of the RBA and the ABS.
11. APRA may grant an ADI an extension of a due date in which case the new date will be the date specified in the notice of extension.

*Note:* For the avoidance of doubt, if the due date for a particular reporting period falls on a day other than a usual business day, an ADI is nonetheless required to submit the information required no later than the due date.

### **Quality control**

12. All information provided by an ADI under this Reporting Standard must be the product of systems, processes and controls that have been reviewed and tested by the external auditor of the ADI as set out in *Prudential Standard APS 310 Audit and Related Matters*. Relevant standards and guidance statements issued by the Auditing and Assurance Standards Board provide information on the scope and nature of the review and testing required from external auditors. This review and testing must be done on an annual basis or more frequently if necessary to enable the external auditor to form an opinion on the accuracy and reliability of the information provided by an ADI under this Reporting Standard.
13. All information provided by an ADI under this Reporting Standard must be subject to systems, processes and controls developed by the ADI for the internal review and

authorisation of that information. These systems, processes and controls are to assure the completeness and reliability of the information provided.

### Authorisation

14. When an officer of an ADI submits information under this Reporting Standard using the method notified by APRA, the officer must digitally sign the relevant information using a digital certificate acceptable to APRA.

### Minor alterations to forms and instructions

15. APRA may make minor variations to:
  - (a) a form that is part of this Reporting Standard, and the instructions to such a form, to correct technical, programming or logical errors, inconsistencies or anomalies; or
  - (b) the instructions to a form, to clarify the application to the form,without changing any substantive requirement in the form or instructions.
16. If APRA makes such a variation it must notify each ADI that is required to report under this Reporting Standard.

### Transition

17. An ADI must report under the old Reporting Standard in respect of a transitional reporting period. For these purposes:

*old Reporting Standard* means the Reporting Standard revoked by the determination that makes this Reporting Standard (being the Reporting Standard which this Reporting Standard replaces), as in force immediately before the commencement of this Reporting Standard.

*transitional reporting period* means a reporting period under the old Reporting Standard:

- (a) that ended on or before 31 December 2019; and
- (b) in relation to which the ADI was required, under the old Reporting Standard, to report by a date on or after the date of revocation of the old Reporting Standard.

*Note:* For the avoidance of doubt, if an ADI was required to report under an old Reporting Standard, and the reporting documents were due before the date of revocation of the old Reporting Standard, the ADI is still required to provide the overdue reporting documents in accordance with the old Reporting Standard.

### Interpretation

18. In this Reporting Standard:

*AASB* has the meaning given in section 9 of the *Corporations Act 2001*.

*ADI* means an authorised deposit-taking institution within the meaning of the *Banking*

*Act 1959.*

**APRA** means the Australian Prudential Regulation Authority established under the *Australian Prudential Regulation Authority Act 1998*.

**due date** means the relevant due date under paragraph 9 or, if applicable, paragraph 11 of this Reporting Standard.

**foreign ADI** has the meaning given in section 5 of the *Banking Act 1959*.

**Level 1** has the meaning given in *Prudential Standard APS 001 Definitions* (APS 001).

**locally incorporated** means incorporated in Australia or in a State or Territory of Australia, by or under a Commonwealth, State or territory law.

**provider of purchased payment facilities** means an ADI that is subject to a condition on its authority under section 9 of the *Banking Act 1959* confining the banking business that the ADI is authorised to carry on to providing purchased payment facilities.

**reporting period** means a period mentioned in paragraph 8 or, if applicable, paragraph 10 of this Reporting Standard.

19. Unless the contrary intention appears, a reference to an Act, Prudential Standard, Reporting Standard or Australian Accounting or Auditing Standard is a reference to the instrument as in force or existing from time to time.
20. Where this Reporting Standard provides for APRA to exercise a power or discretion, this power or discretion is to be exercised in writing.

# Reporting Form ARF 222.0

## Exposures to Related Entities

### Instruction Guide

This instruction guide is designed to assist in the completion of *Reporting Form ARF 222.0* (ARF 222.0). This form collects information on an authorised deposit-taking institution's (ADI's) exposures to related entities.

In completing this form, ADIs must refer to *Prudential Standard APS 222 Associations with Related Entities* (APS 222).

### General directions and notes

#### Reporting entity

ARF 222.0 must be completed on a Level 1 basis by all ADIs, with the exception of:

- (a) foreign ADIs; and
- (b) providers of purchased payment facilities.

#### Securitisation deconsolidation principle

1. Where an ADI (or a member of its Level 2 consolidated group) participates in a securitisation that meets APRA's operational requirements for regulatory capital relief under *Prudential Standard APS 120 Securitisation* (APS 120):
  - (a) special purpose vehicles (SPVs) holding securitised assets may be treated as non-consolidated independent third parties for regulatory reporting purposes, irrespective of whether the SPVs (or their assets) are consolidated for accounting purposes; and
  - (b) the assets, liabilities, revenues and expenses of the relevant SPVs may be excluded from the ADI's reported amounts in APRA's regulatory reporting returns.
2. Where an ADI (or a member of its Level 2 consolidated group) participates in a securitisation that does not meet APRA's operational requirements for regulatory capital relief under APS 120, or the ADI undertakes a funding-only securitisation or synthetic securitisation, such assets are to be reported as on-balance sheet in APRA's regulatory reporting returns.

#### Reporting period

This form is to be completed as at the last calendar day of each quarter based on the financial year (within the meaning of the *Corporations Act 2001*) of the ADI.

## Unit of measurement

This form should be completed in Australian dollars (AUD) in accordance with the units set out for each class of ADI in the following table. However, APRA may require an ADI to apply a different unit of measurement.

Class of ADI	Units
Banks	Millions of dollars rounded to one decimal place
All Other ADIs	Whole dollars with no decimal place

Amounts denominated in foreign currency are to be converted to AUD in accordance with *Accounting Standard AASB 121 The Effects of Changes in Foreign Exchange Rates (AASB 121)*.

## Basis of preparation

For the purposes of this form, ADIs are to report all ***exposures*** including both the effect of ***CRM*** techniques (item 1) as well as on the basis of excluding the effect of ***CRM*** techniques (item 2), in accordance with *Prudential Standard APS 221 Large Exposures (APS 221)*.

In completing this form, ADIs are to apply the requirements for netting specified in Attachment A of APS 221.

## Definitions

Terms highlighted in ***bold italics*** indicate that the definition is provided in these instructions.

***Credit risk mitigation (CRM)*** means the CRM techniques allowed in *Prudential Standard APS 112 Capital Adequacy: Standardised Approach to Credit Risk (APS 112)*.

***ELE subsidiary*** has the meaning given in Attachment A of APS 222.

***Extended Licensed Entity (ELE)*** has the meaning given in Attachment A of APS 222.

***Excluded exposures*** means exposures excluded from large exposures under paragraph 18 of APS 221.

***Exposure*** is defined in paragraphs 33 to 36 of APS 222.

***Legal Entity Identifier*** is a 20-digit, alpha-numeric code. ADIs are to report the ISO 17442 Legal Entity Identifier code, available at <https://www.gleif.org/en/lei/search>.

***Market related*** means ***off-balance sheet exposures*** arising from market related contracts. Refer to APS 112 for examples of these contracts.

***Non-market related*** means ***off-balance sheet exposures*** that are not ***market related***. Refer to APS 112 for examples of these commitments.

***Off-balance sheet exposures*** means the off-balance sheet portion of any ***exposure***, measured in accordance with Attachment A of APS 221.

## DRAFT

**On-balance sheet exposures** means the on-balance sheet portion of any *exposure*, measured in accordance with Attachment A of APS 221.

**Related ADI** is a *related entity* which is an ADI.

**Related entity** is defined in APS 222.

**Related entity category** means the category of the *related entity*.

**Related entity country** means the country where the *related entity* is domiciled. ADIs are to report the relevant country as named in the ISO 3166 country code developed by the International Organization for Standardization (ISO) and available at [http://www.iso.org/iso/country\\_codes](http://www.iso.org/iso/country_codes).

**Related entity name** means the legal name of the *related entity*.

**Related entity sector** means the sector of the *related entity* of the *exposure*. These are:

- *banking*;
- *insurance*;
- *superannuation*;
- *SPVs*;
- *other financial institutions*; and
- *other counterparties*.

**Settlement exposures** has the meaning given by paragraph 18(g) of APS 221.

**Substantial shareholder** has the meaning given by paragraph 8(f) of APS 222.

**Tier 1 Capital** has the meaning given in *Prudential Standard APS 111 Capital Adequacy: Measurement of Capital* (APS 111).

### Related entity category

**Regulated** means the *related entity* is regulated by APRA or an equivalent *banking*, *superannuation* or *insurance* prudential regulator overseas.

**Non-regulated** means the *related entity* is not regulated by APRA or an equivalent *banking*, *superannuation* or *insurance* prudential regulator overseas.

### Related entity sectors

**Banking** institution means an authorised deposit-taking institution within the meaning of the *Banking Act 1959*, as well as banking institutions authorised in other jurisdictions.

**Insurance** corporations means:

- life insurance corporations registered under the *Life Insurance Act 1995*;
- general insurance corporations authorised under the *Insurance Act 1973* (or by virtue of determinations made by APRA under the *General Insurance Reform Act*

**DRAFT**

2001);

- private health insurance corporations registered under the *Private Health Insurance (Prudential Supervision) Act 2015*;
- the Export Finance Insurance Corporation;
- private sector and government-owned general and health insurance enterprises, both proprietary and mutual; and
- any insurance corporation overseas.

**Other counterparties** includes any *related entity* that is not a **banking** institution, an **SPV**, **insurance** corporation, **superannuation** fund or **other financial institutions**.

**Other financial institutions** means all entities mainly engaged in financial intermediation and the provision of auxiliary financial services, other than **banking** institutions, **insurance** corporations, **superannuation** funds.

**SPV** means Special Purpose Vehicle.

**Superannuation** funds means complying funds for the purposes of the *Superannuation Industry (Supervision) Act 1993*, other autonomous funds established for the benefit of public sector employees and any overseas funds designed specifically for the purpose of providing a pension or other income stream on retirement.

# Reporting Form ARF 222.1

## Exposures to related entities – foreign ADIs

### Instruction Guide

This instruction guide is designed to assist in the completion of Reporting Form ARF 222.1 (ARF 222.1). This form collects information on the exposures of the Australian branch of a foreign authorised deposit-taking institution (foreign ADI) to the head office, other branches, and subsidiaries of the foreign ADI.

In completing this form, foreign ADIs must refer to *Prudential Standard APS 222 Associations with Related Entities* (APS 222).

### General directions and notes

#### Reporting entity

ARF 222.1 must be completed on a domestic book basis by all foreign ADIs.

Domestic books means an unconsolidated report of positions, transactions and other information recorded on the Australian books of the body corporate authorised by APRA to carry on banking business under the *Banking Act 1959*. Domestic books include transactions and positions with both residents and non-residents that are recorded on the Australian books of these entities.

#### Reporting period

This form is to be completed as at the last calendar day of each quarter based on the financial year (within the meaning of the Corporations Act 2001) of the foreign ADI.

#### Unit of measurement

This form should be completed in Australian dollars (AUD), in millions of dollars rounded to one decimal place.

Amounts denominated in foreign currency are to be converted to AUD in accordance with *Accounting Standard AASB 121 The Effects of Changes in Foreign Exchange Rates (AASB 121)*.

#### Basis of preparation

For the purposes of this form, foreign ADIs must report all *exposures*. In completing this form, foreign ADIs are to apply the requirements for netting specified in Attachment A of APS 221.

A foreign ADI may report using the requirements and definitions that it applies in reporting exposures under the requirements of its home jurisdiction, unless otherwise notified by APRA.
