Dear Sir / Madam

Thank you for the opportunity to provide the following comments of the 'Changes to ADI Statistics Publication' dated 20 December 2012.

**bankmecu** offers the following comments:

1. The bank supports Proposal 1 to combine and expand the statistical publications.
2. The bank wishes data relating to **bankmecu** to remain as part of the "other bank" category.
3. Should APRA publish limited data on so called 'mutual banks' then the bank believes the sample group is too small and it should include statistics relating to all 'mutual ADIs'.

Yours sincerely,

Rowan Dowland
