# Reporting Standard SRS 607.0

# RSE Business Model

## Objective of this reporting standard

This Reporting Standard sets out requirements for the provision of information to APRA relating to the structure of a registrable superannuation entity (RSE) or Pooled Superannuation Trust (PST).

It includes *Reporting Form SRF 607.0 RSE Business Model* and associated specific instructions.

### Authority

1. This Reporting Standard is made under subsection 13(1) of the *Financial Sector (Collection of Data) Act 2001*.

### Purpose

2. Information collected under this Reporting Standard is used by APRA for the purposes of prudential supervision and publication. It may also be used by the Australian Securities and Investments Commission.

### Application

3. This Reporting Standard applies to each registrable superannuation entity (RSE) licensee (RSE licensee) in respect of each RSE and pooled superannuation trust (PST) within its business operations[1].

[1] For the purposes of this Reporting Standard, an RSE licensee's 'business operations' includes all activities it conducts as an RSE licensee (including the activities of each RSE of which it is the licensee), and all other activities of the RSE licensee to the extent that they are relevant to, or may impact on, its activities as an RSE licensee. For the avoidance of doubt, if the RSE licensee is trustee of more than one RSE, or PST, the RSE licensee must separately provide the information required by this Reporting Standard for each RSE, or PST within its business operations. An RSE licensee that does not have any RSEs, or PSTs within its business operations is not required to provide information under this Reporting Standard.

## Commencement

4. This Reporting Standard commences at the start of the day after the day it is registered on the Federal Register of Legislation.

## Reporting periods

5. The RSE Licensee must provide the information required by this Reporting Standard for the reporting periods, by the due dates, set out in the table below.

| **Reporting Form** | **Reporting Table** | **Reporting Period** | **Due date** | **First Reporting Period** |

## Notices

6. If, having regard to the particular circumstances of an RSE or PST, APRA considers it necessary or desirable to obtain information more or less frequently than as provided by paragraph 5, APRA may, by notice, change the reporting periods for the particular RSE or PST.

7. Where APRA has changed the reporting periods under paragraph 6, the RSE licensee must provide the relevant information within the time specified by the notice.

8. Where an RSE is required to complete SRS 602.0 Wind-up, APRA may also require the RSE to report all or part of this Reporting Standard within 28 days after the end of the relevant calendar quarter (30 September, 31 December, 31 March or 30 June) in which the RSE is required to complete SRS 602.0.

9. APRA may grant an RSE licensee an extension of a due date with respect to one or more RSEs or PSTs within its business operations, in which case the new due date for the provision of the information will be the due date on the specified notice of extension.

*Note:* For the avoidance of doubt, APRA's expectation is that if the due date falls on a day other than a usual business day, an RSE licensee will submit the information required no later than the due date.

## Form and method of submission

10. The information required by this Reporting Standard must be given to APRA in electronic format using an electronic method available on APRA's website or by a method notified by APRA prior to submission.

## Quality control

11. The information provided by an RSE licensee under this Reporting Standard must be the product of systems, procedures and internal controls that have been reviewed and tested by the RSE auditor of the RSE or PST to which the information relates[2]. This will require the RSE auditor to review and test the RSE licensee's systems, procedures and internal controls designed to enable the RSE licensee to report reliable information to APRA. This review and testing must be done on:

    (a) an annual basis or more frequently if necessary to enable the RSE auditor to form an opinion on the reliability and accuracy of information; and

    (a) at least a limited assurance engagement consistent with professional standards and guidance notes issued by the Auditing and Assurance Standards Board as may be amended from time to time, to the extent that they are not inconsistent with the requirements of *Prudential Standard SPS 310 Audit and Related Matters* (SPS 310).

12. All information provided by an RSE licensee under this Reporting Standard must be subject to systems, processes and controls developed by the RSE licensee for the internal review and authorisation of that information. It is the responsibility of the Board and senior management of the RSE licensee to ensure that an appropriate set of policies, procedures and controls for the authorisation of information submitted to APRA is in place.

## Authorisation

13. When an officer or agent of an RSE licensee provides the information required by this Reporting Standard using an electronic format, the officer or agent must digitally sign the relevant information using a digital certificate acceptable to APRA.

14. If the information required by this Reporting Standard is provided by an agent who submits the information on the RSE licensee's behalf, the RSE licensee must:

    (a) obtain from the agent a copy of the completed form with the information provided to APRA; and

    (b) retain the completed copy.

15. An officer or agent of an RSE licensee who submits the information under this Reporting Standard for, or on behalf of, the RSE licensee must be authorised by either:

---

[2] Refer also to *Prudential Standard SPS 310 Audit and Related Matters* (SPS 310).

(a) the Chief Executive Officer of the RSE licensee; or

(b) the Chief Financial Officer of the RSE licensee.

## Minor alterations to forms and instructions

16. APRA may make minor variations to:

(a) a form that is part of this Reporting Standard, and the instructions to such a form, to correct technical, programming or logical errors, inconsistencies or anomalies; or

(b) the instructions to a form, to clarify their application to the form,

without changing any substantive requirement in the form or instructions.

17. If APRA makes such a variation, it must notify each RSE licensee that is required to report under this Reporting Standard.

## Transition

18. An RSE licensee to which this Reporting Standard applies must report under the old reporting standard in respect of a transitional reporting period. For these purposes:

***old reporting standard*** means the reporting standard revoked in the determination making this Reporting Standard; and

***transitional reporting period*** means a reporting period under the old reporting standard:

(a) that ended on or before 30 June 2027; and
(b) in relation to which the RSE licensee was required, under the old reporting standard, to report by a date on or after the date of revocation of the old reporting standard.

Note: For the avoidance of doubt, if an RSE licensee was required to report under an old reporting standard, and the reporting documents were due before the date of revocation of the old reporting standard, the RSE licensee is still required to provide any overdue reporting documents in accordance with the old reporting standard.

## Interpretation

19. In this Reporting Standard:

***APRA*** means the Australian Prudential Regulation Authority established under the *Australian Prudential Regulation Authority Act 1998.*

***Chief Executive Officer*** means the chief executive officer of the RSE licensee, by whatever name called, and whether or not he or she is a member of the Board of the RSE licensee[3].

[3] Refer to *Prudential Standard SPS 510 Governance*.

***Chief Financial Officer*** means the chief financial officer of the RSE licensee, by whatever name called.

***due date*** means the relevant due date under paragraph 5 or, if applicable, paragraph 7, 8 or 9 of this Reporting Standard.

***financial year*** means the financial year (within the meaning of the *Corporations Act 2001*) of the RSE or pooled superannuation trust (PST).

***investment option*** has the meaning given in SRS 101.0.

***issuer*** has the meaning given in section 761E of the Corporations Act 2001 for the purposes of Table 7, Item 4.1 and Item 4.2.

***MySuper product*** has the meaning given in subsection 10(1) of the SIS Act.

***pooled superannuation trust (PST)*** has the meaning given in subsection 10(1) of the SIS Act.

***reporting period*** means a period mentioned in paragraph 5 or, if applicable, paragraph 6 of this Reporting Standard.

***RSE*** means a registrable superannuation entity as defined in subsection 10(1) of the SIS Act that is not a pooled superannuation trust, small APRA fund or single member approved deposit fund[4].

***RSE auditor*** means an auditor appointed by the RSE licensee to perform functions under this Reporting Standard.

***RSE licensee*** has the meaning given in subsection 10(1) of the SIS Act.

***SIS Act*** means *Superannuation Industry (Supervision) Act 1993*.

***SIS Regulations*** means the *Superannuation Industry (Supervision) Regulations 1994*.

***SRS 101.0*** means *Reporting Standard SRS 101.0 Definitions for Superannuation Data Collections.*

***SRS 602.0*** means *Reporting Standard SRS 602.0 Wind-up*.

***SRF 605.0*** means *Reporting Form SRF 605.0 RSE Structure*.

20. In this Reporting Standard, unless an instrument is not disallowable or a contrary intention appears, a reference to an Act, Regulation, Prudential Standard, Reporting Standard, Australian Accounting Standard or Auditing Standard is a reference to the

[4] For the purposes of this Reporting Standard, 'pooled superannuation trust' has the meaning given in subsection 10(1) of the SIS Act, 'small APRA fund' means a superannuation entity that is a regulated superannuation fund, within the meaning of the SIS Act, which has no more than six members and 'single member approved deposit fund' means a superannuation entity that is an approved deposit fund, within the meaning of the SIS Act, which has only one member.

instrument as in force from time to time.

21. Where this Reporting Standard provides for APRA to exercise a power or discretion, this power or discretion is to be exercised in writing.

# Instruction Guide

This instruction guide is designed to assist in the completion of *Reporting Form SRF 607.0 RSE Business Model* (SRF 607.0). This form collects information on the structure of each RSE licensee's business operations.

## General directions and notes

### Reporting level

SRF 607.0 must be completed for each RSE licensee in respect of each registrable superannuation entity (RSE) and pooled superannuation trust (PST), as relevant, within its business operations.

### Reporting tables

Tables described in this reporting form list each of the data fields required to be reported. The data fields are listed sequentially in the column order that they will appear in the reported data set. Constraints on the data that can be reported for each field have also been provided.

The Unique identifier column indicates which field or fields form the primary key of the table. Where a field has 'Y' in the Unique identifier column, this denotes that this field forms part of the primary key for the table. A blank cell in the Unique identifier column means that the field does not form part of the primary key for the table. Any specific combination of values in the fields that form the primary key of a table must not appear on more than one row in that table when reported.

### Reporting basis and units of measurement

Amounts in SRF 607.0 are to be reported as percentages or whole numbers. Percentages are to be reported as an unconverted number to two decimal places. For example, 12.34 per cent is to be reported as 0.1234.

Items on SRF 607.0 must be reported as at the end of the reporting period.

### Definitions

Terms highlighted in ***bold italics*** indicate that the definition is provided in Reporting Standard SRS 101.0 Definitions for Superannuation Data Collections (SRS 101.0).

## Specific instructions

### Table 1A: Promoter agreements

Where the RSE licensee has a ***Promoter agreement*** in place with respect to the RSE or any Superannuation Product within the RSE, report information on all ***Promoter agreements*** in place at any time during the reporting period.

| Column | Field name | Unique identifier | Applicable to | Valid values | Description |
|---|---|---|---|---|---|
| 1 | Superannuation Product Identifier | Y | All filers | No more than 20 alpha-numeric characters (with no special characters) | For all ***superannuation product***s with a ***promoter agreement***, report the ***superannuation product identifier***. The ***superannuation product identifier*** must correspond to a ***superannuation product identifier*** reported in *Reporting Standard SRS 605.0 RSE Structure* (SRS 605.0). Report each ***superannuation product identifier*** as a separate line. |
| 2 | Fees And Costs Arrangement Identifier | Y | All filers | No more than 20 alpha-numeric characters (with no special characters) | Report the ***fees and costs arrangement identifier*** for the fees and costs arrangement for each ***superannuation product*** where a ***promoter agreement*** exists. The ***fees and costs arrangement identifier*** must correspond to a ***fees and costs arrangement identifier*** reported in *Reporting Standard SRS 605.0 RSE* |

| 7 | Member Assets Amount | | All filers | Dollar values | Report the value of ***member assets*** for each unique combination of ***superannuation product identifier***, ***employer-sponsor ABN*** and ***fees and costs arrangement identifier***. |

## Table 2: RSE Composition

Report each RSE that was licensed by APRA at any time during the reporting period.

| Column | Field name | Unique identifier | Applicable to | Valid values | Description |
|---|---|---|---|---|---|
| 1 | RSE ABN | Y | All filers | ABN Integer | Report the RSE ***ABN***/***ABN***s for all RSEs operated by the RSE Licensee. Report each RSE ***ABN*** as a separate line. |
| 2 | In-house Assets Held By The RSE | | All filers | Dollar values | Report the value of ***in-house assets*** held by the RSE. If no ***in-house assets*** are held by the RSE, report 0. |
| 3 | In-house Assets For Which The Entity Has An Exemption By APRA | | All filers | Dollar values | Report the value of ***in-house assets*** held by the RSE for which the entity has an exemption from APRA in writing. Otherwise, report 0. |
| 4 | Membership Base Type | | All filers | • ***Government Base***<br>• ***Corporate Base***<br>• ***Industry Base***<br>• ***General Base*** | Report the predominant base of members within the RSE. Where an RSE's ***membership base type*** might be classified as more than one type of ***membership base type***, apply the hierarchy outlined in Attachment A to these instructions when completing this item. |
| 5 | Member Complaints Received | | All filers | Integer | Report the number of ***members complaints*** received from members of the RSE during the reporting period. Where no ***members complaints*** were received during the reporting period, report 0. |

### Table 3: PST Investor Information

Report as at the end of the reporting period:

- each investor in the PST that is an RSE and that is under the trusteeship of the same RSE licensee as the PST; and/or

- each investor in the PST that is an RSE and is one of the 10 largest investors (by size of investment in the PST), but is under the trusteeship of a different RSE licensee.

**Table 3.1 - PST Redemption Notice Period**

| Column | Field name | Unique identifier | Applicable to | Valid values | Description |
|---|---|---|---|---|---|
| 1 | PST Redemption Notice Period | | All filers | Whole numbers | Report the standard notice period in days required by investors for payment of withdrawals. |

**Table 3.2 - PST Investor Information**

| Column | Field name | Unique identifier | Applicable to | Valid values | Description |
|---|---|---|---|---|---|
| 1 | PST Investor ABN | Y | All filers | ABN Integer | Report the ***ABN*** of the investor in the PST. |
| 2 | PST Investor Name | | All filers | Free text | Report the name of the investor in the PST. Report each investor as a separate line. |
| 3 | Associate | | All filers | • Yes<br>• No | Report if the investor is an ***Associate*** of the PST. Report for each investor listed. |
| 4 | Amount Held By PST Investor | | All filers | Dollar values | Report the value of investment in the PST held by the investor. |
| 5 | Percentage Held By PST Investor | | All filers | Percentage to 2 decimal places | Report the value of investment in the PST held by the investor, as a percentage of the total investment value of the PST. |

### Table 4: MySuper And Choice Lifecycle Stage Factors

Report each lifecycle option offered by the RSE and the defining attributes of the lifecycle option.

| Column | Field name | Unique identifier | Applicable to | Valid values | Description |
|---|---|---|---|---|---|
| 1 | Investment Option Identifier | Y | All filers | No more than 20 alpha-numeric characters (with no special characters) | Report the ***investment option identifier***. |
| 2 | Lifecycle Product Design Type | | All filers | • ***Lifecycle Portfolio Mix Design - Representative Stage***<br>• ***Lifecycle Portfolio Mix Design – Dynamic Mix***<br>• ***Lifecycle Cohort Design*** | Report the ***lifecycle product*** design type. |
| 3 | Minimum Age | | All filers | Whole numbers | Where age is a factor used to determine allocation to a lifecycle stage, report the ***minimum allowable age***. Where age is not a determinant for membership in a lifecycle stage, leave this field blank. |
| 4 | Maximum Age | | All filers | Whole numbers | Where age is a factor used to determine allocation to a lifecycle stage, report the ***maximum allowable age***. Where age is not a determinant for membership in a lifecycle stage, leave this field blank. |
| 5 | Gender | | All filers | • ***Female***<br>• ***Male***<br>• ***Non-binary***<br>• Not Applicable | Where ***gender*** is a factor used to determine allocation to a lifecycle stage, report the ***gender***. Where ***gender*** is not a determinant for membership in a lifecycle stage, report 'Not Applicable'. |
| 6 | Minimum Account Balance | | All filers | Whole dollars | Where a ***minimum account balance*** is set for a lifecycle stage, report the |

| Column | Field name | Unique identifier | Applicable to | Valid values | Description |

| 12 | Minimum Time Remaining To Retirement | | All filers | Whole numbers | Where time remaining to retirement is used to determine allocation to a lifecycle stage, report the ***minimum time remaining to retirement*** in years. Where time to retirement is not a determinant for membership in a lifecycle stage, leave this field blank. |
| 13 | Maximum Time Remaining To Retirement | | All filers | Whole numbers | Where time remaining to retirement is used to determine allocation to a lifecycle stage, report the ***maximum time remaining to retirement*** in years. Where time to retirement is not a determinant for membership in a lifecycle stage, leave this field blank. |
| 14 | Other Factors | | All filers | • Yes<br>• No | Where ***other factors*** are used to determine allocation to a lifecycle stage, report the other factors. |
| 15 | Description Of Other Factors | | All filers | Free text | Where ***other factors*** allowable under Regulation 9.47 of SIS Regulations are used to determine allocation to a lifecycle stage, report a description of the other factors. Where other factors are not a determinant for membership in a lifecycle stage, leave this field blank. |

## Table 5: MySuper And Choice Lifecycle Portfolio Mix Design - Dynamic Mix

For RSEs offering a 'Lifecycle Portfolio Mix Design - Dynamic Mix' representative stage lifecycle option, report the ***investment options*** and respective % allocation that comprise the underlying investment pool for each lifecycle representative stage.

| Column | Field name | Unique identifier | Applicable to | Valid values | Description |
|---|---|---|---|---|---|
| 1 | Lifecycle Portfolio Mix Design – Dynamic Mix Investment Option Identifier | Y | All filers | No more than 20 alpha-numeric characters (with no special characters) | Report the ***investment option identifier*** for each ***lifecycle portfolio mix design – dynamic mix.*** |
| 2 | Underlying Investment Pool - Investment Option Identifier | Y | All filers | No more than 20 alpha-numeric characters (with no special characters) | Report the ***investment option identifier*** for all ***investment options*** the ***lifecycle portfolio mix design – dynamic mix*** is invested into. The ***investment option identifier*** must correspond to an ***investment option identifier*** reported in *Reporting Form SRF 605.0 RSE Structure* in SRS 605.0. |
| 3 | Percentage Allocation To Investment Pool | | All filers | Percentage to 2 decimal places | For each ***investment option*** utilised as part of the underlying investment mix for the lifecycle investment option, report the percentage of allocation to that ***investment option***. |

## Tables 6: Features of Lifetime Income and Other Retirement Income Streams

Tables 6A, 6B and 6C collect information on the features of ***lifetime income*** or ***other retirement income stream*** products that are available to members in the RSE, either as a ***superannuation product***, ***investment menu*** or ***investment option***.

Report ***lifetime income*** and ***other retirement income streams*** that are open to new members at the end of the reporting period, including income streams with no members or member assets.

RSEs should not report the following:

- ***Superannuation products*** that are not in the ***retirement*** phase.
- Products that are supported solely by a ***defined benefit interest***.
- ***Legacy products*** and ***legacy retirement products***.

Report each ***lifetime income*** or ***other retirement income stream*** only once across Tables 6A, 6B and 6C, depending on how members access it: Table 6A where it is accessed at the ***superannuation product*** level; Table 6B where it is accessed at the ***investment menu*** level; or Table 6C where it is accessed as an ***investment option***.

### Table 6A: Features of Lifetime Income and Other Retirement Income Streams ~~Products~~ – Superannuation Product

Complete Table 6A where members are able to access the ***lifetime income*** or ***other retirement income stream*** as a ***superannuation product*** with a unique ***superannuation product identifier*** reported in SRF 605.0 Table 1.

~~For RSEs providing ***lifetime income*** or ***other retirement income stream*** products to members as a ***superannuation product*** in the ***retirement*** phase, report the features of these products in Table 6A.~~

~~Report a ***product*** in Table 6A where:~~

~~the ***product*** has a unique ***superannuation product identifier*** reported in SRF 605.0 Table 1; and~~
~~members are able to access the ***lifetime income*** or ***other retirement income stream*** as a ***superannuation product***.~~
~~Report the same ***superannuation product identifier*** in SRF 607.0 Table 6A.~~

~~Where a new ***superannuation product identifier*** has been created, an ad hoc submission of SRF 605.0 will be required before submitting SRF 607.0.~~

~~Leave Table 6A blank where no ***lifetime income*** or ***other retirement income stream*** products are provided as a ***superannuation product*** in the ***retirement*** phase. Report products provided to members as an ***investment menu*** or ***investment option*** in Tables 6B and 6C respectively.~~

Where a ***lifetime income*** or an ***other retirement income stream*** that is an ***annuity*** ~~or ***lifetime income*** product~~ provides members with a choice between a guaranteed income stream and investment-linked income stream, the guaranteed and investment-linked income streams should be reported separately, each with a unique ***superannuation product identifier~~s~~***.

Where a new ***superannuation product identifier*** is required~~has been created~~, an ad hoc submission of SRF 605.0 must be completed ~~will be required~~ before submitting SRF 607.0.

~~RSEs should not report the following:~~

- ~~Products that are supported solely by a ***defined benefit interest***.~~
  ~~***Legacy products*** and ***legacy retirement products***.~~

| Column | Field name | Unique identifier | Applicable to | Valid values | Description |
|---|---|---|---|---|---|
| 1 | Superannuation Product Identifier | Y | All filers | No more than 20 alpha-numeric characters (with no special characters) | Report the ***superannuation product identifier***.<br><br>The ***superannuation product identifier*** must correspond to a ***superannuation product identifier*** reported in SRF 605.0. |
| 2 | Retirement Income Stream Product Type | | All filers | • ***Lifetime income***<br>• ***Other retirement income stream*** | Report the type of ***retirement income stream product***. |
| 3 | Other Retirement Income Stream Text | | All filers | Free text | Where the ***retirement income stream product*** type is '***Other retirement income stream***', report a description of the ***other retirement income stream*** product. |

| Column | Field name | Unique identifier | Applicable to | Valid values | Description |
|---|---|---|---|---|---|
| 4 | Innovative Superannuation Income Stream Indicator | | All fil~~t~~ers | • Yes<br>• No | Report whether the product meets the definition of an ***innovative superannuation income stream***. |
